AZERBAIJAN MINING MARKET OPPOTUNITY

Azerbaijan Mining Expo, as the first and only international mining fair in the Caucasus, brings together all stakeholders in the mining value chain on a single platform.

With the 2027–2030 State Program launched on April 1, 2026, Azerbaijan's mining sector is transitioning from raw material production to integrated industrial transformation.

More than 170 mining sites and 134–155 new projects in Karabakh and Eastern Zangezur will create a major acquisition wave in the sector in the coming years.

Advantage

GOVERNMENT SUPPORT

Government-supported incentives, tax advantages, and investment-friendly policies.

INDUSTRIAL TRANSFORMATION

Value-added production through integration from raw material to finished product.

STRATEGIC LOGISTICS

Rapid access to European and Asian markets via the Middle Corridor and BTK line.

HIGH GROWTH MARKET

High growth potential, new projects, and strong market demand.
