

A PAMERINDO INDONESIA TRADE EVENT

**MANUFACTURING
INDONESIA SERIES** 

3 - 6 December 2025
JIEXPO Kemayoran
Indonesia

Manufacturing Series of Exhibitions:

EXHIBITION REPORT

#MFI2025

**BIGGEST MANUFACTURING EXPO
IN SOUTHEAST ASIA**

THE 36TH INTERNATIONAL
MANUFACTURING MACHINERY, EQUIPMENT,
MATERIALS AND SERVICE EXHIBITION

3 – 6
DECEMBER 2025

JIEXPO Kemayoran
Jakarta - Indonesia
Hall : A(1,2,3), D(1,2), B(1,2,3), C(1,2,3)

Step into Southeast Asia's premier manufacturing stage—Manufacturing Indonesia Series 2025! Celebrating 36 years of trailblazing innovation, this landmark event has become the ultimate destination for industry giants and emerging leaders alike, uniting to propel the future of manufacturing. As the most comprehensive manufacturing exhibition in the region, it brings together the latest technologies, solutions, and services from around the world, creating an unparalleled platform for growth, collaboration, and inspiration.

Incorporating Machine Tool Indonesia, Tools & Hardware Indonesia, Industrial Automation Indonesia, and Production Logistics Indonesia, this one-stop event delivers the most efficient and impactful way to expand your business in Southeast Asia's largest manufacturing market. From groundbreaking machinery to revolutionary automation and logistics solutions, everything your factory needs is here, all under one roof!

EXHIBITOR TESTIMONY

“

MFI 2025 has not only met our expectations but truly exceeded them. The crowd quality and engagement were outstanding, creating meaningful interactions throughout the show. Having participated for the fourth consecutive year, we can clearly see significant improvements—from stronger organization to a higher caliber of exhibitors and visitors. MFI continues to evolve into a world-class manufacturing exhibition in Indonesia and remains an excellent platform for us to expand our business and strengthen our market presence.

CREST ULTRASONICS

”

“

We have been participating in MFI for more than 12 years, and it remains one of the most valuable exhibitions for our business. This long-term commitment reflects our strong confidence in MFI as a leading manufacturing platform. Over the years, we have met many interesting and high-potential customers, supported by the show's wide coverage across diverse manufacturing sectors. MFI continues to provide strong business opportunities and meaningful industry connections.

SAFETY JOGGER

”

“

Our second participation at MFI has reinforced the show's strong market reach and visitor quality. With representation from automotive and auto parts to mining industries, MFI provides an exceptional platform to connect with diverse and high-value customers.

NEWAY CNC EQUIPMENT (SUZHOU) CO., LTD

”

“

We participate in this show every year, and this year saw a significant increase in visitor numbers. Many of our potential customers came from the automotive, medical, and food & beverage industries, including large corporations and major manufacturing plants. This has been the best exhibition we have participated in so far, and MFI continues to set a high standard for manufacturing exhibitions in Indonesia.

HIWIN

”

EXHIBITOR TOP BRANDS

A black and white photograph of a crowded exhibition hall. The scene is filled with people, many of whom are wearing lanyards and badges, suggesting a professional or trade event. In the foreground, a woman on the right is wearing a white face mask. The background shows various exhibition booths with signs, including one that says 'AREA' and another with 'CAP'. The word 'VISITORS' is overlaid in large, bold, red capital letters with a white outline, centered across the middle of the image.

VISITOR TESTIMONY

“

This exhibition has become a key annual agenda for our company. It is an outstanding event that strongly supports our industrial needs. Through this exhibition, we discovered many new innovations and technologies for the equipment we were seeking, making it an invaluable platform for sourcing and staying ahead of industry developments.

PT INTOSESA FUSO ARMADA

”

“

The range of product knowledge on display is extremely diverse, making it impossible to explore all halls in just one day due to the sheer number of exhibitors. The exhibition significantly expands our understanding of the latest developments in the manufacturing industry, showcases many innovations to improve production processes, and provides valuable opportunities to build new business relationships.

PT DHARMA POLIMETAL TBK

”

“

This year, the range of machinery on display was more comprehensive, with many new innovations that we saw for the first time. The exhibition has significantly enriched our references and insights into the manufacturing industry, supporting our company's operational and project needs.

SOMIC INDONESIA

”

“

I have attended this exhibition consecutively, and each year the range of innovative products becomes increasingly diverse. Last year, the focus was largely on automation, while this year it has clearly shifted toward AI-driven technologies. As our company continues to grow and seek the latest technological solutions, this exhibition is essential for us. MFI is truly a comprehensive and outstanding manufacturing platform.

PT ASTRA OTOPARTS TBK

HSE CHAMPIONSHIP

SHOW YOUR SKILL. PROVE YOUR SAFETY.
BE THE CHAMPION!

Powered by: **Kawan Lama Solution**

MANUFACTURING INDONESIA SERIES x **SYNERGY SOLUSI**

Saturday, 6 December 2025
Main Stage @Gedung Pusat Niaga - JIExpo Kemayoran

An exciting competition to test the strength and readiness of the best teams in maintaining the highest Health, Safety & Environment (HSE) standards in the manufacturing world!

We are the HSE Champions!

The new and exciting competition at **#MFI2025 – Powered by Kawan Lama Solution!**

Participants **showcased their skills and commitment** in a thrilling challenge, demonstrating the highest Health, Safety & Environment (HSE) standards in the manufacturing industry. Participated by 12 companies, this competition highlighted excellence, collaboration, and dedication to HSE best practices, and was proudly held in collaboration with Synergy Solusi.

ONSITE PROGRAMME FORKLIFT HERO

Ultimate Showdown Returned!

The most awaited Forklift Hero Competition made its exciting comeback as part of Manufacturing Indonesia Series 2025 – the biggest manufacturing expo in Southeast Asia! This year, it returned bigger and more thrilling, powered by iMOW & Titan Sarana, featuring a brand-new Team Challenge format. Participated by 19 companies, the event gave professionals the chance to showcase their forklift mastery and compete for the title of Forklift Hero Champion 2025.

UNLOCK EXCELLENCE! Transform Your Manufacturing & Improve Strategy

Your Gateway to Expert Guidance

The Kaizen Clinic offers free one-on-one consultations with expert coaches in HR & Organization Development, Kaizen & Lean, and Karakuri Kaizen. Topics include talent management, lean implementation, process improvement, low-cost automation, and workplace efficiency.

Designed for manufacturing professionals, the clinic provides practical guidance to drive continuous improvement, productivity, and long-term growth in the industry.

ONSITE PROGRAMME

MANUFACTURING DIGITAL HUB

Based on top 10 visitor country / region

Future Smart Manufacturing

The Manufacturing Digital Hub at Manufacturing Indonesia Series 2025, in collaboration with APTIKNAS (The Indonesian ICT Business Association), serves as a key destination for companies embracing digital transformation in the manufacturing sector. Designed to accelerate the adoption of smart technologies, the hub offers free consultations and insights on implementing Industry 4.0 solutions—from AI and IoT integration to data-driven production management.

In addition to expert guidance, you can join live podcasts featuring discussions and updates from Industry 4.0 leaders, offering valuable insights into the latest digital trends shaping the future of manufacturing. The hub will also provide you with a free opportunity to join the podcast session.

ONSITE PROGRAMME

ROBOPARK

Based on top 10 visitor country / region

The Future of Manufacturing Unveiled

ROBOPARK, a dedicated area at Manufacturing Indonesia Series 2025, proudly showcases the power of Indonesia's own robotics innovation — designed and built by the nation's leading tech minds. This special zone highlights home grown advancements across industries, from manufacturing and logistics to education, celebrating the creativity and capability of local innovators.

Featuring interactive demonstrations, live showcases, and real-world applications, ROBOPARK offers visitors an immersive experience of how Indonesia's robotics ecosystem is driving automation, efficiency, and technological independence. It's where innovation meets national pride — Proudly Made by Indonesia's Robotics Innovators.

ONSITE PROGRAMME

SPINNING TOP

Based on top 10 visitor country / region

A banner for the Spinning Top Competition 2025. On the left is a logo featuring a stylized spinning top. To its right are logos for 'MANUFACTURING INDONESIA SERIES' and the 'Indonesia Mold & Dies Industry Association'. The main text reads 'SPINNING TOP COMPETITION 2025'. Below this, it says 'SPINNING TOP COMPETITION 2025 IS BACK AT #MF12025!'. On the right side of the banner, the date and location are listed: 'Friday, 5 December 2025' and 'Main Stage @Gedung Pusat Niaga - JIExpo Kemayoran'. A large, shiny spinning top is shown on the far right. The slogan 'SPIN IT. BALANCE IT. WIN IT!' is prominently displayed in the center-right, with a sub-message: 'Show your skill and focus in this fun spinning top battle! See who can spin the longest and become the real Spin Champion!'.

The Spinning Top Competition is Back at #MF12025!

Test your creativity, precision, and engineering skills in this fun and exciting challenge — build your own spinning top using simple materials and see whose design spins the longest, most stable, and most innovative! Don't miss the chance to showcase your craftsmanship and competitive spirit at the show floor. Join the challenge and be crowned the Spinning Top Champion 2025!

INDOESTRI
MADE IN INDONESIA

3 - 6 DECEMBER 2025
HALL C3 - JIEXPO KEMAYORAN

Discover cutting-edge machines and innovative solutions proudly made in Indonesia, showcasing the skill and ingenuity driving our local industries forward.

Supported by :

Explore the INDOESTRI Area: Creativity Meets Industry!

Discover innovative products, cutting-edge tools, and live demos showcasing the best of Indonesian craftsmanship and industrial design. Connect with visionary creators and be inspired by the future of local industry. Don't miss this hub of creativity and opportunity!

Meet talented makers who push the boundaries of design, learn about their creative processes, and gain insight into the ideas shaping Indonesia's next generation of industry. Whether you're an enthusiast, a professional, or simply curious, the INDOESTRI Area offers something exciting for everyone.

ONSITE PROGRAMME

AUTOMOTIVE QUALITY MANAGEMENT HUB

3 - 6 DECEMBER 2025
HALL C2 - JIEXPO KEMAYORAN

Supported by :
 **Kementerian Perindustrian**

A dedicated hub offering insights, guidance, and solutions for automotive quality management—enhanced through 1-on-1 consultations with industry experts!

Driving Excellence: Automotive Quality Management Hub by Kemenperin

A dedicated hub offering comprehensive insights, practical guidance, and strategic solutions for strengthening automotive quality management systems. Supported by Kemenperin, this area is designed to help industry professionals understand key standards, tackle quality challenges, and implement effective improvement frameworks aligned with national industry objectives.

Visitors can engage directly with seasoned industry experts through personalized 1-on-1 consultations, gaining tailored recommendations and actionable steps to enhance operational performance, compliance, and overall product quality within their organizations.
