Indonesia At a Glance

- Indonesia is predicted to enter Asia's Top 5 Economies in 2030 (4th rank)
- Indonesia has been listed as one of the world's top 10 manufacturing industry by the United Nations Industrial Development Organization (UNIDO) – based on 2016 statistic
- In full-year 2018 the government wants to see a 5.67 percent year-on-year (y/y) growth pace for the manufacturing industry, higher than the estimated 4.7 percent (y/y) growth pace in 2017.

Visitor Testimonials

"Manufacturing Indonesia Series of Exhibitions allow us to source for circuit source – a specific but important product for our plant. Hopefully the show can continue to benefit our sourcing requirement and be bigger next time."

Oscar T., Sales Manager, PT. Cometa International

"I am so pleased that Manufacturing Indonesia Series of Exhibitions is being held here in Indonesia. This is an excellent platform for me to browse through all the various products the exhibitors display which are mostly related with my line of business."

What Did Our Exhibitors Say

"Manufacturing is very helpful to us in introducing our superior products, and also get some prospective customers who will increase our product sales, thanks to Manufacturing Indonesia exhibition."

Mr. Tri Hartono, Director – PT Prima Tigon Global

"Manufacturing Indonesia has been successfully established itself to be the main platform for the manufacturing industry in Indonesia. Thai companies under Thailand Board of Investment (BOI) support has featured regularly at Manufacturing Indonesia. This exhibition generates great opportunities for Thai entrepreneurs to meet potential business partners in Indonesia as well as to create business cooperation and to maintain existing business network between the two countries."

Ms. Krongkanoke Managitjonggol, Director - Industrial Linkage Development Division

"Manufacturing and Machine Tool Indonesia provides the platform to grasp with current challenges faced by the industry. With a diverse range of manufacturing and precision engineering technologies from metal cutting & finishing to sheet metal working, metrology to industrial automation and tools & hardware to production industrial systems, the Taiwan companies will engage processors and manufacturers on advancing product quality and production efficiency."

Ms. Elisa Li, Vice Secretary General - Taiwan Machine Tool & Accessory Builders' Association
