**Shell scheme is available upto a maximum of 72 square meters

**Shell scheme stand includes table, chairs, spot lights, octanorm partitions, tile carpet flooring & fascia with company name in English

An additional 5% VAT is applicable as per UAE Government law

VISITORS Profile

- Steel Fabrication
- Welding & Cutting
- Steel & Steel Products
- Tools & Accessories
- Packaging & Containers
- Maritime & Offshore
- Aluminium & Glass
- Aerospace / Automobile
- Machining / Job Shop
- Coating / Paintings
- Electrical Industry
- MEP
- Oil & Gas
- Construction
- Ship Building
- Machinery
- Mining & Metals
- Steel Building
- Blasting
- Chemicals
- HVAC

The Middle East premier trade show for the metal working, metal manufacturing and steel fabrication Industry

STEEL FAB

MACHINERY TECHNOLOGY EQUIPMENT

19TH EDITION

8-11 JANUARY 2024

Expo Centre Sharjah
United Arab Emirates

Featuring

- 🔧 Power Tools
- 🔧 Machine Tools
- 🔧 Welding & Cutting
- 🔧 Tube & Pipe

GROWTH Reinforcer

With every passing edition, SteelFab reinforces its role as a critical engine for the UAE and the region's industrial growth. One short of its momentous 20th edition, SteelFab is today the region's undisputed leader, delivering cutting-edge technology, products and knowhow to the metal working industry in the region and beyond.

Industry FOCUS

Regional governments, especially the UAE, are relentlessly pursuing policies to boost competitiveness of their industrial sector. Governments and businesses are pumping in billions of dollars on emerging technologies like robotics and automation to boost productivity and efficiency. Initiatives, such as the UAE programme to develop 1,000 technological projects and industrial census project, are launched to promote innovation, research & development, and enhance local supply chains.

STEELFAB IN NUMBERS January 2023

-  Gross Occupied Space: **15,400 sqm**
-  Exhibitors: **200+** (from 33 countries)
-  Brands on display: **400+** (from over 30 countries)
-  Trade Visitors: **6000+** (from 65 countries)
-  Robotics & Welding machinery: **20%** increase
-  New Visitors: **45%** of first-time visitors
-  Competition: **Best-Welder** @SteelFab
-  Networking Opportunities: **Hosted-Buyers Programme / B2B Matchmaking**
-  **Largest display** of Laser machines in the region

Multiple FOCUS AREAS

The soaring success of SteelFab is due to its increasing focus on several industrial segments within the manufacturing industry. Hence, Welding & Cutting, Power Tools, Machine Tools, Pipe & Tube Machinery, Stainless Steel and AI & Robotics are key attractions at the event. It constantly realigns with industry requirements, with AI & Robotics being a recent addition to its core focus areas.

EXHIBITORS & BRANDS Who Particpate at SteelFab

MARKET Movers

- SteelFab offers you instant access to the most competitive market in the Arab World. The UAE ranked first in the Arab World in terms of the value of manufactured exports in 2021
- The prime demand driver for the fabrication industry, the GCC construction industry poised for a sustained period of growth, outperforming the wider economy and recording a 3.5-4% growth a year on average in 2023-24
- Large pipeline of projects planned or under way in GCC valued at about US\$2.65 trillion (2022)
- Agreements worth US\$4.63 billion signed by Adnoc to boost UAE's manufacturing sector (2023)
- The wider economic effects of high oil prices triggering investment across the MENA region

EXHIBITORS Profile

- Steel, Special Steels, Wear Plates, Semi-Finished Steel Products, Steel Components
- Steel Forming & Sheet Metal Machinery, Tooling, Accessories
- Metal Cutting Machinery, Tooling, Accessories
- Welding & Cutting Power Sources, Consumables, Accessories, Positioners, Beam Welding
- Cutting Systems - CNC, Plasma, Oxyfuel, Laser Waterjet, Routers, Marking
- Grinding, Cutting, Power Tools, Hand Tools
- Pipe & Tube Related, Forming, Bending, Cutting, Orbital Welding
- Material Handling - Overhead Cranes, Hoists, Trolleys
- Industrial Automation, Robots
- Fasteners, Fastening Systems & Accessories
- Surface Preparation, Blasting, Finishing, Painting
- Machinery - Used/Reconditioned
- Publications, Free Trade Zones, Associations, Trade Promotion Bodies
- Software, Services, Training, Inspection, NDT, Measurement
