Exhibiting at MACH provides exhibitors with a real return on their investment by delivering an engaged audience with real purchasing power.

There are multiple options for exhibiting at MACH; from space-only stands where companies rent the floor space and build their own stand through to shell-scheme stands where a package includes everything required to exhibit – carpet, stand walls, basic electrics, lights and name board are included in the rental price.

Focused zones and pavilions help visitors navigate the event and find the technology and services they are seeking – delivering a quality audience to your stand.
