The profiling allows us, in particular, to limit the sending to you of promotional communications not pertinent to your probable expectations and needs or through unwanted channels.

The limited nature of profiling does not exclude you from specific advantages or from the possibility to freely exercise your privacy rights, nor has any particular legal effects; in particular it does not in any way prejudice your ability to participate in the event "TECNARGILLA" and/or take advantage of our services (eg online pre-registration, purchase of services).

ACIMAC does not carry out profiling activities.

**5. Only with your separate consent:** communication of data to our third-party partners (eg exhibitors or other operators active in the event "TECNARGILLA") related to goods and services concerning those third parties. It is the partner's responsibility to request their independent consent, for autonomous direct marketing actions related to goods/services concerning such third-party partners.

Legal basis of the processing. Mandatory or optional nature of providing data and consequences of failure to provide data

The processing for the purposes of **sub 1** has its legal basis in our need to fulfill the obligations assumed through the stipulated contract or to stipulate with you (and to carry out all the actions necessary for the correct and complete execution of the commitments therein) and / or to the legal obligations connected to it. Therefore this treatment does not require your prior consent and you are also free not to give your data, however, in this case, we will not be able to stipulate the requested contract and / or regularly provide the service requested by you or by the organization to which you belong (eg make you participate in the Event of interest and provide you with related services) and / or we will not be able to fulfill the legal obligations connected with the contract.

The processing for the purposes of **sub 2** has its legal basis in our legitimate interest to organize event "TECNARGILLA", plan and manage all organizational activities useful to allow you to participate efficiently and effectively in event "TECNARGILLA" and to manage relations with third party suppliers of functional and event-related goods and services. In particular, the request for personal data and documents, especially for foreign guests, will make the correct understanding of the data more reliable, but above all, the reliability of the company that requires an entry visa is safer.

You are free not to provide the data, but in this case you will not be able to participate in the event "TECNARGILLA".

During the event "TECNARGILLA" are made by the Co owners and / or by photographers and / or videomakers authorized by us, video footage (including voice) and / or photographs. These generic images concern trade fairs that can be qualified as public events and are therefore treated, without your consent, for publication on our websites / landing pages and social profiles (eg Twitter, Facebook, Whatsapp, Youtube,

Vimeo, etc.) and on brochures, catalogs, flyers and other printed material that promotes the event "TECNARGILLA".

In the event that, however, the aforementioned images portray you in a recognizable way, the Co-owners may publish them for the same promotional purposes, on the aforementioned our printed materials or electronic / digital channels intended for the public (eg catalogs, brochures, flyers, websites / landing pages, blogs, social networks), only with the necessary prior consent (which is the legal basis of the processing), issued on the spot to our official photographer and / or videomaker.

In the latter case, you can deny consent thus inhibiting the aforementioned treatment: on the other hand, by giving us your consent, you expressly waive any financial compensation for using your image. You can request at any time the obscuring of the face portrayed in the images published online, without prejudice to the lawfulness of the processing operated up to the date of obscuration. The Co-owners do not guarantee the obscuration of third-party autonomous data controllers on online channels.

The treatment for the purposes of **sub 3** (soft spam) has its legal basis in our legitimate interest in contacting our customers freely, as well as the prospects, in order to be able to offer them new opportunities relating to services through electronic / telephone / paper channels. Products similar to those previously purchased / contracted (in the case of customers) or to those for which interest has been expressed (in the case of prospects), or in the case only of IEG relating to products/services for exhibitions / conferences and / or related to them (eg publishing of sector, championships / races, etc.). Therefore the cd. Soft spam, as described above, can lawfully take place even without your prior consent, which is therefore not necessary.

The treatment for the purposes of **sub 4** (profiling) has a legal basis in our legitimate interest to maintain and analyze a limited set of information concerning you, in order to be able to more effectively recontact you if you are our client or prospect. Given the limited data perimeter used in profiling, it also occurs without his prior consent, which is therefore not necessary.

The processing for the purposes of **sub 5** (transfer of data to third parties) takes place only upon your specific express consent (constituting, therefore, the legal basis of the lawfulness of the processing).

The consent requested may be freely denied by you, without prejudice to your right to participate in the event "TECNARGILLA" and / or to obtain the services requested by you.

These third parties will process the data in the capacity of External Managers in accordance with our written guidelines and under our supervision.

For all the aforementioned purposes, we also communicate the data to third-party commercial partners who participate in the creation and / or promotion of the event "TECNARGILLA", which will treat the data as autonomous or co-titular or responsible owners. You can ask us for a list of co-owners, autonomous and responsible owners (see the "rights of the interested party" section of this information).

**Data transfer abroad from IEG**

In the case of Events in the U.S.A. we communicate the data to third party recipients who are based in the United States of America. In this case, the transfer will be based on the following legal basis:

a) the bilateral "Privacy Shield" agreement in force between the EU (European Union) and the U.S.A., which provides for the companies and other entities that import these data in the U.S.A. the obligation to apply a series of protections and measures to protect the personal data received;

b) in the event that the data importer in the U.S.A. has not adhered to the Privacy Shield mechanism, the communication of the data to the importer will take place only after stipulation by the U.S.A. importer of a contractual agreement with which he, for the treatments of his competence, undertakes to IEG to respect privacy obligations substantially equivalent to those provided for by the EU legislation on our charge, through the use of standard contractual clauses conforming to the text adopted by the EU Commission.

In the case of events taking place outside the EU in a country other than the U.S.A. As an alternative to such cases of derogation, we reserve the right to request specific consent for the transfer of data to the non-EU country.
